From M4 West Bound (from London direction)

Cross the OLD Severn Bridge to Chepstow (along the M48). After leaving the M48 at the Chepstow Severn Bridge Junction, travel up the 'link' road (approx. 1 mile) to the main Chepstow roundabout. Then turn left and follow the A48 towards Newport/Caldicot, past the St. Pierre & Country Golf, until you get to the B4245 at the next roundabout (about 3 or so miles from Chepstow). Then follow this road to the next roundabout, our Industrial Estate is in front of you and Castle Gate (large brown building - WAS Mitel) is on your left. Turn left at the roundabout, towards Portskewett, and then take the first right (about 100 metres after the roundabout), directly in front of a car dealership. We are the last building on the LHS of that road.

From M4 East Bound (from Cardiff direction)

Leave the M4 at the Magor junction (Jn 23A) and follow signs for the B4245 to Magor/Caldicot. Travel through Magor, then Rogiet until reaching the outskirts of Caldicot (about 4 or so miles from the M4, Jn23A). Follow the road around the outskirts of Caldicot (through a few sets of traffic lights) until reaching a roundabout on the other side of Caldicot. Our Industrial Estate is on the RHS and Castle Gate (large brown building - WAS Mitel) is in front of you. Turn right at the roundabout, towards Portskewett, and then take the first right (about 100 metres after the roundabout), directly in front of a car dealership. We are the last building on the LHS of that road.
